

CROSS SECTOR POSSIBILITIES

Develop a team of local agencies from both sectors to organize an educational series on Consent and Capacity issues.

Manual of shared protocols for service providers and planning bodies in both sectors.

Regular staff exchange program between service providers of both sectors as a means to train staff about the other sector and orient them to their support role when a client must move between programs and across sectors.

Joint training on assessment skills related to initial recognition of early signs of dementia.

Cross sector training seminar on Aging and Dual Diagnosis.

Cross sector orientation program about LHINs and CCACs.
